Student experiences

BOLOGNA (ITALY)

"During my semester abroad in Bologna, I had the incredible opportunity to forge international connections and make friends from diverse backgrounds. Collaborating on projects, exploring the city together, and sharing unique cultural perspectives enriched my experience and created lasting bonds that extend far beyond the confines of the semester." (Sophia)

KOBE (JAPAN)

"My study abroad was everything I hoped for and nothing like I expected. My highlights in Japan were the possibility to travel around, getting settled in Kobe and learning the language. I had a wonderful time in Japan. Besides University I explored the city and country a lot. It is very easy to connect with other exchange students." (Felix)
