

Modern Language Center Philipps-University of Marburg

Virtual Coffee Break for Staff in English

As part of the EUPeace Alliance project, "European University for Peace, Justice, and Inclusive Societies," the language centers of the University of Marburg, Limoges and West Bohemia Pilsen cordially invite you to participate in our joint virtual coffee break in English, which will take place in autumn 2025. The coffee breaks are aimed at the administrative-technical staff of all EUPeace alliance universities.

You will have the opportunity to refresh and improve your English language skills, discover new language skills, get to know your European colleagues and exchange ideas on common topics such as your workplace, internationalization, intercultural skills, oral and written communication, understanding foreign accents etc.

The first virtual fall coffee break will take place on **Thursdays from 09-10 a.m.**, in a virtual BigBlueButton room:

A knowledge of English at level B1 or higher is recommended.

So just come along, listen and get actively involved in the conversation. We look forward to welcoming you to the other dates.
